Enriching Parents & Students with Science, Technology, Engineering and Math Experiences

February 2010

Parent Involvement Program, Inc. (PIP) has created ***Racing for Robotics***, an exciting indoor car-racing event, to raise money to support Science, Robotics, Engineering and Math experiences. This year marks our **7th annual event scheduled for April 9th, Friday 7-11pm at F-1 Boston, in Braintree.**

Parent Involvement Program, Inc. (PIP) has created this exciting indoor car-racing event to raise money to support Science, Robotics, Engineering and Math (STEM) experiences for students and their families. PIP is a 501(c)3 nonprofit organization of volunteer parents. We develop, fund and execute fun and thrilling enrichment programs to advance these disciplines and make an impact on the lives and education of our children.

Attached is our 2010 packet for a race team sponsorship to benefit Parent Involvement Program, Inc..

This year's proceeds will be used to:

- Fund our Braintree High School Scholarships for the Class of 2010
- Maintain our middle school robotics teams, execute the 4th & 5th grade after school robotics program, and train teachers & parents to expose 250 young minds to robotics
- Continue our success in Braintree High School robotics by funding materials, software and after school teacher stipends
- Develop a flourishing Robotics Mentors Club at the Middle School level
 - Fund our Marine Biology & Zoology Summer Program so all families can afford this dramatic experience
 - Participate in the engineering based MIT Rube Goldberg Machine Contest
 - Sustain the Family Math Challenge, reaching 2,000 students and their families
- Finance the BHS Rocketry Club
- Support the Braintree High School Science Fair
- Prepare students & train parent volunteers for Math MCAS
- Conduct family math fun nights - Family Math Carnival & Supermarket Math

With fundraising down, due to the economy, we count on supporters like you to help us continue our charitable mission. **Please call me on my cell – 617-827-5191 with any questions or to set up a meeting.**

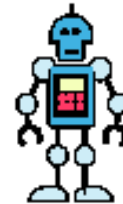

Thank you for taking the time to review the event information and considering your support for PIP.

Sincerely,

Julie A. McKinney
Executive Director and Founder

PIP at **Racing for Robotics**

PIP Grand Prix Sponsorship Submission Form

Yes, I am interested in a sponsorship for "Racing for Robotics" Event to benefit Parent Involvement Program to empower families with fun & enriching experiences in Science, Technology, Engineering & Math.
