Program, Inc.

Enriching Parents & Students with Science, Technology, Engineering and Math Experiences.

FAMILY MATH CHALLENGE

April 2010

The Parent Involvement Program, Inc., PIP, is an all volunteer, 501(c)3, nonprofit organization whose mission is to develop, execute and fund experiences in Science, Technology, Engineering & Math for families in our community. Volunteer parents work with the school staff, community resources, the business community and outside funding sources to bring these programs to life.

Racing For Robotics, April 9th @ F1 Boston! Come enjoy the fun and help raise money to support PIP.

Can't come? Check out PIP's Online Auction @ Biddingforgood.com. Online items include: a sailing adventure, overnight stay, electrician for a day, and much more!

Each month, one student from each of the 6 elementary schools will win a gift certificate to a local business as well as win a gift for their teacher.

Parents interested in volunteering for PIP email BraintreePIP@aol.com , call 781-843-2454, or visit our website www.parentinvolvementprogram.org .

Guess the Profession

I work in the dirt, inside and out.

I plant and I till all about.

After a while I produce something fresh.

Maybe fruit or a vegetable, anything I wish

to sell at a market or use in my favorite

dish.

Math Puzzle

Mrs. "E" enjoys receiving flowers in springtime. She receives two Lilies from Lily, one rose Anja, and five carnations from Catherine. If carnations cost \$3.00 each, how much money did Catherine spend? Happy Secretary's Day!
